

MDT Internship Program

Earn while you learn!

Montana Department of Transportation offers summer internship in the following areas:

Accounting

Aeronautics

Audit Services

Civil Engineering

Construction Engineering

Environmental Engineering

Geotechnical Engineering

Human Resources & Occupational Safety

Information Services Division

Legal

Rail, Transit, and Planning

Right of Way Design

Eligibility

To be eligible, students must:

be enrolled in a college, university, or technical school; or be within 6 months of graduation date

have completed at least 60 academic credits or 30 credits if enrolled in technical school; and

be in good academic standing.

Work Schedule & Job Locations

Internships start in mid-May and run through the mid- August.

Typically 40 hour work weeks, Monday - Friday

Internships are available across Montana. Locations vary depending on department needs and upcoming projects.

Salary & Benefits

Pay is dependent upon credit hours. Salary range is posted on the job listing.

University Credit

Academic credit for internships is governed by the university. MDT provides any information the university needs for students to receive credit.

Employability

Interns cannot become permanent employees without applying for permanent positions. That said, internships are an excellent way to gain job experience and boost employability.

Finding and Applying for an Internship

Internship opportunities appear on MDT's Current Openings page and are marked "Internship."
